**Mid-Season Supporter Survey 2025/26
Results**

Introduction

York City FC is committed to delivering outstanding match day experiences for all our supporters. In December 2025, we issued our Mid-Season Supporter Survey with the following aims:

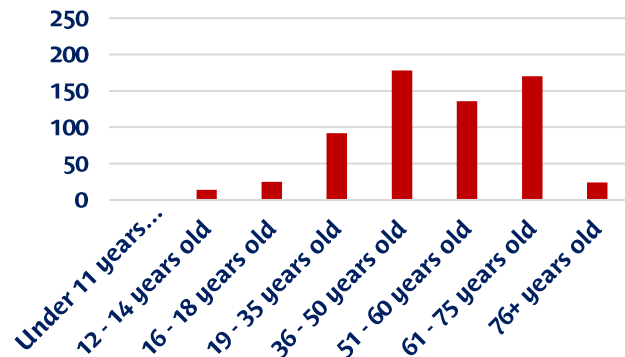

- To help us gain a better level of understanding about our supporters.
- To provide an opportunity for supporters to share their experiences with us.
- To identify areas in which we can improve our processes and practices to provide a better service.

This survey mainly asked for yes/no responses or scores out of 5, which gave us some really useful insight which was simple to analyse. We will be asking questions which need supporters to provide further detail in our End of Season 2025/26 survey where you will have the opportunity to share ideas, suggestions and experiences in greater detail, providing us with a deeper insight into your opinions.

The results of this Mid-Season Supporter Survey are in the following pages and we thank each of you who did so for taking the time to respond.
